Versatile Space

Located at the gateway to Tribeca, this magnificent space, in one of New York's most vibrant neighborhoods, is an inspired choice for business meetings, private film screenings, live performances, seminars, product launches, social or corporate parties, cocktail receptions or dinners.

92YTribeca boasts state-of-the-art sound, lighting and media capabilities, which transform the space from a sophisticated corporate meeting place to a magical social venue. Seven rooms totaling nearly 13,000 square feet can accommodate groups from 10-500. The space includes an art gallery, a film and video screening room, a performance space with a stage that provides theater-style seating for up to 275 guests, a cafe, a fully stocked bar and a number of smaller rooms for lectures, seminars and breakout sessions.

92YTribeca is ADA compliant and, we're proud to say, environmentally friendly. The building's many features—including a loading dock, food preparation area, back-stage green rooms and coat check—will please even the most discerning event planners.
